About the city Chisinau

The ADVIT office is based in the center of Chisinau, the capital city of the Republic of Moldova. Chisinau is Moldova's main industrial and commercial center, and is located in the center of the country. All important administrative and political institutions (the Parliament, Government, etc.) are based in the city center. The population of Chisinau municipality counts around 800 000 inhabitants. Though the country's official language is Romanian, Russian is also omnipresent, due to the fact that

Moldova used to be part of the former Soviet Union. With a basic knowledge in either Romanian or Russian, it's possible to get along quite well.

Contrary to the relatively poor rural area and despite the partly still visible Soviet past, Chisinau gives you the feel of living in a decent city with everything needed and appreciated in daily life: You'll find modern supermarkets and malls, cafes, bars, restaurants, discos and parks. Furthermore, the public transport works very well.

About Moldova

Moldova is a landlocked country in Eastern Europe, bordered by Romania to the west and Ukraine to the north, east, and south. The population is around 2,600,000 inhabitants. It has a lot of beautiful siting like *Orheiul Vechi*:
